Further to our notice dated July 16, 2026, the effective date of the XCHG Limited Ratio Change and Reverse Split has been revised to August 21, 2026.

BNY, at the direction of XCHG Limited, is announcing a ratio change on the American Depositary Receipt ('ADR") program from one (1) American Depositary Share ("ADS") representing forty (40) Class A ordinary shares to a new ratio of one (1) ADS representing eight hundred (800) Class A ordinary shares.

The ratio change will result in a reverse split on the XCHG Limited ADSs on the basis of one (1) new ADS for every twenty (20) old ADSs held. The ordinary shares of XCHG Limited will not be affected by this change in the ADS to ordinary share ratio.

Effective August 21, 2026, ADR holders of XCHG Limited will be required on a mandatory basis to surrender their old ADSs to BNY for cancellation at the rate of twenty (20) "OLD" ADSs (CUSIP 98370X103) for one (1) "NEW" ADS (CUSIP 98370X202). Holders in the Direct Registration System and in DTC will have their ADSs automatically exchanged and need not take any action. Only whole ADSs will be issued. BNY collects fees from DR holders pursuant to the terms and conditions of the DRs and any deposit agreement under which they are issued. From time to time, BNY may make payments to an issuer to reimburse and/or share revenue from the fees collected from DR holders, or waive fees and expenses to an issuer for services provided, generally related to costs and expenses arising out of establishment and maintenance of the DR program. BNY may pay a rebate to brokers in connection with unsponsored DR issuances; brokers may or may not disclose or pass back some or all of such rebate to the DR investor. BNY may also use brokers, dealers or other service providers that are affiliates and that may earn or share fees and commissions.

BNY may execute DR foreign currency transactions itself or through its affiliates, or the Custodian or the underlying Company may execute foreign currency transactions and pay US dollars to BNY. In those instances where it executes DR foreign currency transactions itself or through its affiliates, BNY acts as principal counterparty and not as agent, advisor, broker or fiduciary. In such cases, BNY has no obligation to obtain the most favorable exchange rate, makes no representation that the rate is a favorable rate and will not be liable for any direct or indirect losses associated with the rate. BNY earns and retains revenue on its executed foreign currency transactions based on, among other things, the difference between the rate it assigns to the transaction and the rate that it pays and receives for purchases and sales of currencies when buying or selling foreign currency for its own account. The methodology used by BNY to determine DR conversion rates is available to registered Owners upon request or can be accessed at https://www.adrbny.com/content/dam/adr/documents/fees-and-disclosures-pdf/drs_foreign_exchange_pricing_disclosure.pdf.

In those instances where BNY's Custodian executes DR foreign currency transactions, the Custodian has no obligation to obtain the most favorable exchange rate or to ensure that the method by which the rate will be determined will be the most favorable rate, and BNY makes no representation that the rate is the most favorable rate and will not be liable for any direct or indirect losses associated with the rate. In certain instances, BNY may receive dividends and other distributions from an issuer of securities underlying DRs in U.S. dollars rather than in a foreign currency. In such cases, BNY will not engage in or be responsible for any foreign currency transactions and it makes no representation that the rate obtained by an issuer is the most favorable rate and it will not be liable for any direct or indirect losses associated with the rate.
