## NEW DR ANNOUNCEMENT

March 7, 2016

### Nano Dimension Ltd

Nano Dimension is a 3-D printing technology group based in Israel. The Company is engaged in researching, developing and manufacturing 3D printers and functional nano-material inks for printing electronics, in particular multi-layer PCBs (circuit boards). The Company's primary ink products are conductive silver nano-particle inks and insulating nano-polymer inks. Both of these materials have applications beyond the 3D printing of PCBs. The Company's Jet printer system is a desktop inkjet deposition tool for printing 3D multi-layer circuit boards at home or office. The Company's 3D printers are in advanced development stages, and a prototype printer is serving as a beta-testing system for leading industry partners.
